

# EXCEPTIONAL DESIGN, INSIDE AND OUT

The Active Faucet Range

**FRANKE**

## MORE THAN MEETS THE EYE

Our **Active Faucets** offer the best of both worlds - design and sustainability. With two design options, each available in a range of stunning contemporary finishes, the appeal is obvious.

Delivering exceptional functionality, our **Active Faucets** are designed for improved sustainability - actively saving both water and energy.

# STYLISHLY SUSTAINABLE

ECO cartridge uses up to 50% less water

## Water Saving

The secret to this performance is the environmentally beneficial **ECO cartridge**, which is designed to limit both the flow and temperature of the water.

The stepped lever helps you use less water, reducing your environmental impact. With the lever open just 50% of the way, the **Active** faucet will deliver sufficient water with enough pressure and at a suitable temperature to suit most tasks.

This can help you use up to 50% less water and save energy too - reducing costs and lessening your impact on the environment.

However, should further water and pressure be needed, a second pull of the lever will open it fully up to 100%.

## Quiet Flow

But that's not all, our **Active Faucets** also feature a Laminar Aerator, delivering a crystal clear, non-splashing water stream and spray jet function, for more powerful, precise cleaning.

## Dual Function Spray Head

Both **Active Faucet** models are available with dual spray options for improved performance. Delivering a more powerful stream thanks to the needle spray used, this makes it easier to rinse fruit and vegetables as well as removing stubborn dirt on dishes. The stream can also reach every part of the sink, making it easier to clean.

**YOUR PERFECT FIT  
IS OUT THERE...**

**NATURALLY, THERE'S AN  
ACTIVE FAUCET TO SUIT  
EVERYONE'S STYLE**

**Pick Your Ideal Sink and Faucet Combination**

Our **Active Faucets** can help you to create a unique look that fits your kitchen and home perfectly. Not only are the Active Neo and Active Plus available in a wide range of finishes, but both also look fabulous when paired up with different Franke sinks.

Try them with one of our Maris models or any of our granite sinks to create a combination that's all your own.
