

INTRODUCING MARIS SINKS AND ALL-IN ACCESSORIES

ALL-IN ACCESSORIES

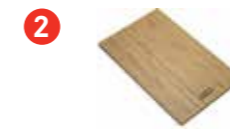

EIGHT ACCESSORIES, ENDLESS USES

The system explained - Compatible with any sink*, All-In includes:

1 Telescopic bridge

Featuring extendable stainless steel rails with durable handles that will adjust to fit bowls up to 540mm. Incorporates small feet that sit against the sink edge to ensure a stable fit.

2 Bamboo chopping board

With feet built into its underside, the bamboo board can be positioned above the sink rim, or securely fitted onto the bridge's stainless steel rails.

3 Large strainer bowl

Made from Sanitized material, the large strainer has holes that mean it can be used as a colander for rinsing ingredients, for collecting peelings when preparing fruit or vegetables, or as a drainer for cutlery and utensils.

4 Small strainer bowl

Also made from Sanitized material, the smaller strainer can also serve as a colander or drainer.

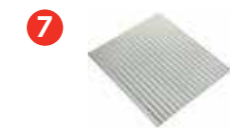

5 Small storage box

The Sanitized small bowl can be used for collecting prepared ingredients and storing them in the fridge. Equally, it can be used for collecting peelings and dealing with waste during the preparation.

6 Bamboo bowl lid

Placed securely on top of the small bowl, the bamboo lid can help to keep food fresh.

7 Foldable silicone drainer mat

Foldable for easy storage and with an inclined surface for use as a drainer, the pad is also heat resistant and can hold pots and pans straight from the hob or oven.

8 Storage container

The soft touch storage container easily houses all the different accessories and allows you to store everything neatly in a standard kitchen cabinet.

*For bowls between 340mm and 540mm

MARIS GRANITE

SPECTACULARLY BIG

With 50 Year Warranty

The Maris Fraganite bowl is the centre of all activities and brings convenience to the kitchen. Thanks to its optimised design, the bowl offers plenty of space which makes washing baking trays, pots and pans as easy as it gets.

As well as being strikingly large, it offers world class durability, comes with an impressive design, and is treated with Sanitized: silver ions that prevent the growth of germs and bacteria.
