

INTRODUCING MYTHOS APPLIANCES

DESIGN

With European influences and the latest design trends at the forefront, Franke appliances strive for practicality, style and elegance to make your kitchen wonderful.

QUALITY

Built on a foundation of precision engineering and traditional craftsmanship, Franke prides itself on producing appliances of the highest quality and reliability.

SWISS HERITAGE

Over a century of Swiss quality and design without compromise has built Franke's solid reputation for Swiss expertise and innovation all over the world.

NOTE: Coffee machine pictured not available in Australia

Our success at Franke is built on the foundations of engineering combined with traditional craftsmanship, mixed with cutting edge design. Over 100 years later, our principles haven't changed, which has helped us to become the worlds leading provider of home solutions.

We at Franke believe that every kitchen should be as unique as you are. It should be a place where you feel free to cook, eat, entertain, celebrate and more. And that's why we want to make your kitchen perfect - from sink to tap to oven - and from morning until night, each and every day.

WONDERFULLY CLEVER

Imagine a kitchen where everything worked together, looked great and had a purpose. A kitchen where all its components were designed to help you enjoy your day more. At Franke, this is how we approach the design of our home solutions. We work hard to ensure our solutions deliver the perfect balance of style, comfort and functionality to your kitchen.

WONDERFULLY INNOVATIVE

For over 100 years we've been tirelessly improving and innovating our products and services. This history and experience has helped us design and create home solutions and products that prove themselves day-in and day-out in more than 100 million households around the world.

- CookAssist:
38 CookAssist Programs
FlexPro
ProCook
- Slide Function
- Timer
- Text Assisted LCD White Display
- 18 Power Levels
- 8 Cooking Zones
- Key Lock / Child Lock

PROFESSIONAL COOKTOPS

For over 25 years the Professional range of gas cooktops have been proudly designed and assembled in Australia. This range of cooktops is inspired by Highland and is hand tested, tuned and carefully packed to ensure that the quality and heritage of the Highland brand are enjoyed by all our customers.

With German sourced solid brass burners and trivets sourced from Holland at the heart of every Franke Professional gas cooktop is the broadest range of outputs from any gas burner. From delicate simmering at 0.5 MJ/h, up to high intensity frying at 22 MJ/h, the one burner does it all.

Whether you are cooking for 1 or hosting a dinner party for 15, Franke gives you the greatest choice. Choose anywhere in-between a 1 burner cooktop, up to a 6-burner cooktop. And enjoy the flexibility of choosing between black glass and stainless steel, or LPG or Natural Gas.

PROFESSIONAL COOKTOP RANGE

98.5CM GAS COOKTOP

FIG906S1 N/L
STAINLESS STEEL
