

# AHWSS1720WIS-00 Nightingale Sink

## MODEL RANGE: HEALTHCARE | AHWSS1720WIS-00

Special hospital equipment | Patient room sink

White solid surface (Miranit) hand hygiene sink with integrated Laminar flow water controls and removable shroud. Left rear 1 1/2" (DN 40) waste location with removable waste cover to prevent water from splashing directly into/out of the waste. A faucet anti-splash feature runs through the centre of the sink to greatly reduce splashing. Bowl is sloped towards drain and sink rim is shaped to prevent users from placing objects on it. Integrated water controls can be powered with included plug in transformer or with included battery pack which will last approximately 100,000 cycles on 4 x AA batteries (AC or DC or AC with battery backup). Flow rate 6L/min (1.5gpm) from the outlet located within the basin. Hand hygiene sinks are specifically designed for hand washing only. They are not recommended as a drinking source, for washing utensils or for draining of medical bags or bedpans.

Optional accessories:

MIX-LF thermostatic mixing valve.

Optional Anti-Ligature model AHWSS1720WIS-AL
